Redevelopment and Revitalization for a New Era

Wednesday, March 17, 2010

3:00 PM to 4:30 PM

APA Description:

“The current economy, coupled with the federal stimulus package, provides new opportunities for redevelopment in many communities. What is being funded and what opportunities are emerging? Will mixed use continue to be a goal of redevelopments?

Will the desire to use resources more efficiently provide a good match with planning goals? Learn about redevelopment financing such as TIF, special district financing, and joint development financing, and see how these tools work in this economic climate.”
